

# How to create RWU Azure Student Account

- 1. Use this [link](#) to access Azure.
- 2. **“Sing In”** using your RWU account and password.

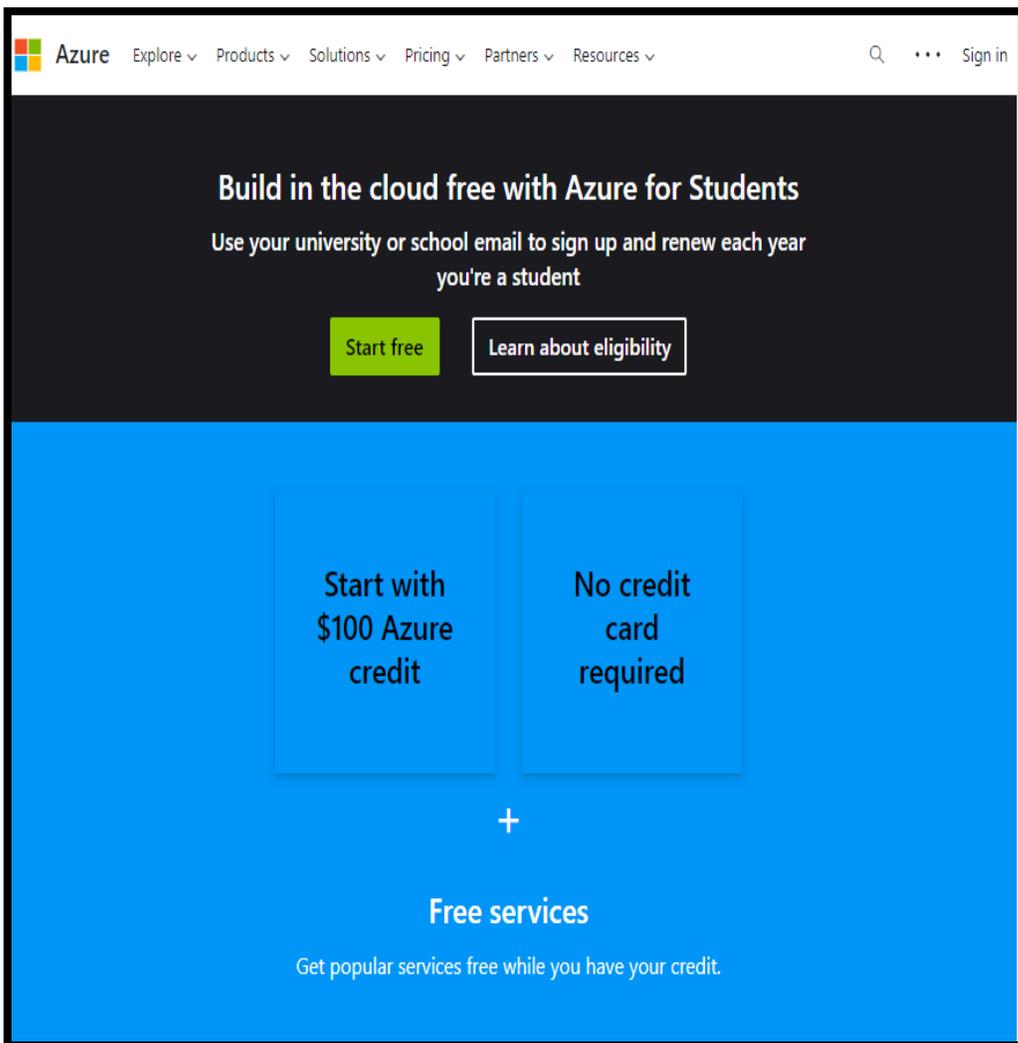

- 3. **“Sign up now”** for the first time.

4. "Start free" account.

5. "Sign up" to accept the agreement.

**Agreement**

I understand that Microsoft may contact me about my free account.

I agree to the [customer agreement](#).

I will receive information, tips, and offers about Azure and other Microsoft products and services.

I would like Microsoft to share my information with select partners so I can receive relevant information about their products and services.

[Privacy Statement](#)

**Sign up**

6. Check your balance.

**Student offer details**

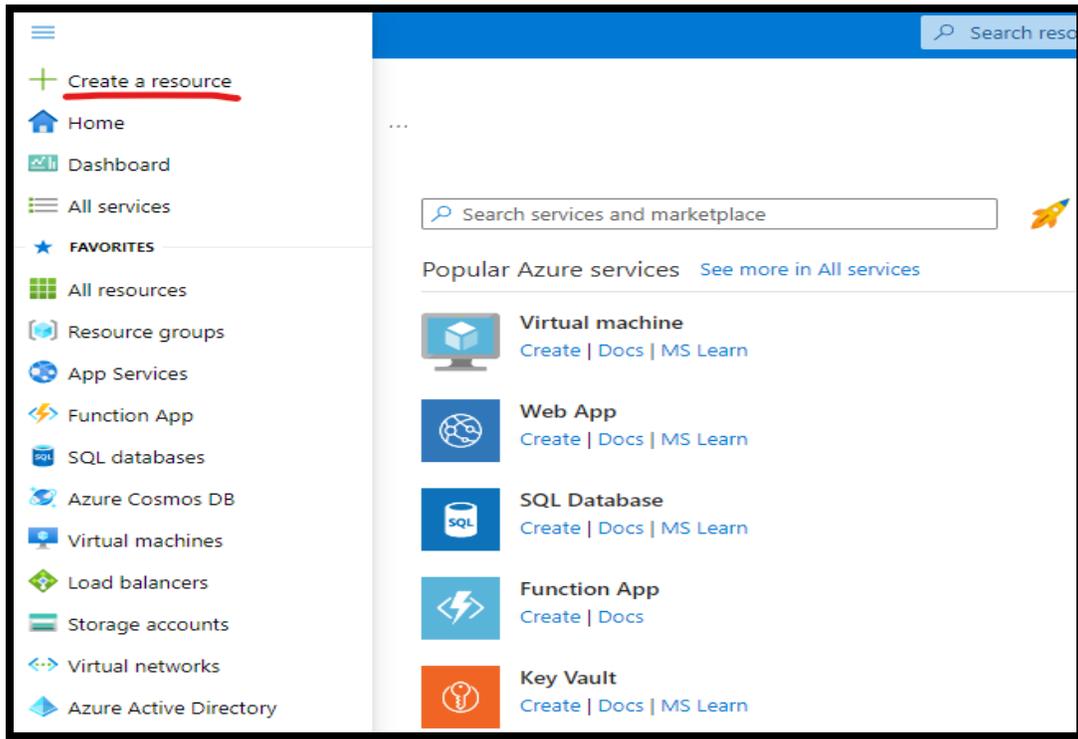

Available credits  
**\$100 out of \$100**

Days until credit expire  
**366**  
Expires on 09/05/2024

September costs  
**\$0.00**

[View cost details](#)

7. Now you can start creating your resources.

# Create a virtual machine ...

[Basics](#) [Disks](#) [Networking](#) [Management](#) [Monitoring](#) [Advanced](#) [Tags](#) [Review + create](#)

Create a virtual machine that runs Linux or Windows. Select an image from Azure marketplace or use your own customized image. Complete the Basics tab then Review + create to provision a virtual machine with default parameters or review each tab for full customization. [Learn more](#)

**i** This subscription may not be eligible to deploy VMs of certain sizes in certain regions.

## Project details

Select the subscription to manage deployed resources and costs. Use resource groups like folders to organize and manage all your resources.
